do in all State Aid Vernacular Schools from class III downwards — Rs 6288 p.a

Total loss of fees involved in the proposals — Rs 16908 p.a

4 The Dy. estimates the gain in income on account of fees by making English compulsory from class III of A.V schools at Rs 7164 as shown below —

State Aid A.V Schools	Rs 6468
V.S.Aid A.V Schools	" 696
Total	7164

The gain is due to the fact that the Rates of fees in English classes are much higher than those in the Vernacular classes. At present the A.V Schools provide for teaching

Serial No

English from the 1st A V class upwards and Vernacular from the Infant class to the V Vernacular class. The Dept proposes to make English Compulsory from the 3rd Vernacular class which corresponds to the 1st A.V class By making this change the Vernacular classes III IV & V now maintained in A V Schools will be practically abolished and these classes will be amalgamated with the A V classes I II & III Respectively We Beg leave to point out that the present number of students in the III IV & V Vernacular classes and assumes that all these Students will be compelled to join the Respective A V classes by the change If this assumption is correct there will be a gain

in fee income as calculated by Hd- Mhakha On the other hand Conserving the large difference in the Rates of fees between the Vernacular & Anglo Vernacular classes, it is highly probable that the Students of the Vernacular classes will Rather join Taluk Vernacular Schools than the A. V classes of Anglo Vernacular schools Therefore practically there will be no gain in fees

5 The Dy Dl also proposes to abolish fees in aided Schools The loss of fees to the managers is estimated at Rs 4620 a year, which he proposes to make good by increasing the grants to these Schools proportionately This involves an add- cost of Rs 4,620 to the State Funds

Note—Contn sheet

Serial No

Thus the total addl cost Required is Rs 16908 + 4620 = 21528 per annum The Dy Secy deducting the grant in lieu Referred to from this Sum estimates the Net addl cost at 21528 − 7164 = 14364

6 Dy Secy Bhabha's proposals are sanctioned, all Village Elementary Schools, all classes from class III of Taluka Vernacular Schools and all classes from class II downwards of A.V. Schools will be made free.

A full correspondence which I have had with the Dy Dir of Edn on this subject is put up for perusal It shows that we are not yet in a position to judge of the effect of the first instalment of about Rs of school fees undertaken last year If there should be a further instalment at once, the proposals of the Dy Dir to abolish fees in certain classes & to make English compulsory in certain other classes seems suitable and may be sanctioned - Est Cost is Rs 16,908 - Rs 7,164 = Rs 9,744 per annum

2 The point regarding compensation to aided schools is not quite clear It is for the Dept to show why aided schools should abolish fees merely because fees are abolished in Govt schools, why Govt compensate them for this, and why all this in the case of one class of aided schools & not in the case of the aided Village indigenous schools.

3 Putting aside the question of fee in case of Govt schools and compensation to aided schools the Cost comes up to £14,400 in round number per annum - From 40 to 60 new schools can be opened over this amount, & the question is whether exemption of 80 per cent of the children now attending existing schools would stimulate primary education to the same extent as the opening of say 50 new elementary schools in places where no schools now exists -

My dear Sir

I write these lines to seek for some information in connection with the proposals contained in your letter No 3657/5417 of 16th instant for further abolition of school fees in the lower classes of Schools

1 What has been the effect of the 1st instalment of remission of fees ordered about October last year? I would very much like to see any reports sent up or remarks made in diaries by Inspectors and Deputy Inspectors of Schools and Teachers on this head as regards both Govt and Private institutions

P.T.O.

II Have aided Schools and private unaided Schools followed suite in regard to abolition of fees? Have they claimed any Compensation? Is any compensation due? Has any been paid? What is the amount claimed or paid?

III In regard to the Compensation which you contemplate in your letter under advertance what is the principle upon which it is based? What if it be deem If compensation is payable it can be calculated for one year on the basis of the present School attendance But how if the attendance varies in the future? Is the Compensation to vary also?

IV : To what extent would the 2nd instal-
-ment of abolition of fees promote Education
of the masses by attracting more children
to schools ?

Dear Sir

With reference to para 1 of your D O letter of April 27th I beg to inform you that I have not received reports from the Deputy or asst Deputy Inspectors about the improvement in attendance if any caused by the abolition of fees from October last in the II and III classes of village elementary schools I am afraid it is too early to expect such reports which will probably be contained in their Annual Reports due in the month of August next I shall however try to obtain some information on this point if possible before the end of the month As far as I know there are no "private" unaided institutions in villages and if there are any they cannot be expected to abolish their fees

2 With reference to para 2 I believe there are no aided or private unaided schools in villages and no

Submitted to His Highness

S In September last, His Highness was pleased to sanction the recommendation of the Council that, as a first instalment of a scheme of free elementary Vernacular education, fees may be abolished in the Upper and Lower Primary classes (Classes III, II, I and Infant) of Government Village Elementary Schools, not situated in Taluk or District Head-quarters It was then suggested by the Council that the questions of (1) remitting fees in the Upper and Lower Primary classes in schools at Taluk Head-quarters and in classes IV and V of Village Flementary Schools and (2) of making the study of English compulsory from class III upwards in Anglo- Vernacular Schools, might be reserved for future consideration

The Inspector General of Education has now submitted proposals for giving effect to the full scheme of free primary Vernacular education His proposals are as follows -

	Anticipated loss of fee income per annum		Anticipated increase of fees per annum	
	State Funds Rs	Village School Fund Rs	State Funds Rs.	Village School Fund Rs
1 Abolition of fees in classes IV and V of Village Flementary Schools	-	2,964	-	-
2 Abolition of fees from class III downwards in State Fund Vernacular Schools	6,288	-	-	-
3 Abolition of fees from class II downwards in State Fund Anglo-Vernacular Schools	7,656	-	-	

	Rs.	Rs		
Making English compulsory from class III upwards in Anglo-Vernacular Schools (State Funds and Village School Fund) -	-	-	6,468	696
5 Payment of compensation for abolition of fees in Aided Primary Schools -	4,620	-	-	-

The First Councillor points out that the Inspector General of Education has not shown sufficient reasons why aided schools should abolish fees merely because fees are abolished in Government schools, or why Government should compensate them for this. I am of opinion that the aided schools cannot claim any compensation and there is no necessity for any provision being made for it This part of Mr Bhabha's proposals may therefore be left out of consideration.

The remaining proposals involve a loss of Rs 13,944 in State Fund Schools and Rs 2,964 in Village Fund Schools against a gain of Rs 6,468 and Rs.696 respectively due to English being made compulsory from class III upwards in Anglo-Vernacular Schools, or a net loss of Rs.7,476 to State Funds and Rs 2,268 to the Village School Fund As the Village School Fund is unable to bear this loss, it has to be made good by a grant from State Funds, so that the net cost of the proposals is an additional charge of Rs 9,744 to State Funds.

The First Councillor states that "we are not yet in a position to judge of the effect of the first instalment of abolition of school fees undertaken last year", and seems to think that the money may be spent to better purpose in opening new schools

4-1

He however says that "if there should be a further instalment at once, the proposals of the Inspector General to abolish fees in certain classes and to make English compulsory in certain other classes seem suitable and may be sanctioned". The Second Councillor is in favour of "making elementary vernacular education in all schools free", and says that we should be able to do this "by degrees if not all at once."

The policy of making primary education in the Vernacular free has ~~been~~ definitely adopted last year, and as a first step, education has been made free in the Lower and Upper Primary classes in Village schools. Giving full effect to it was only a question of funds The cost involved is only Rs.9,744 and Government may once for all abolish fees in all vernacular classes throughout the State in village schools and in Lower and Upper Primary classes in schools at Taluk and District Head-quarters Mr Bhabha's proposals for giving effect to this policy are suitable and may be approved

I am prepared to accept the proposal if the raising of the pay of School masters to the R$10 minimum is also feasible This appears to me to be the measure most urgently needed I am not in favour of opening new schools on a large scale. Those already in existence should first be made efficient and above all be decently housed.

H J BHABHA, Esq, M[illegible]
Inspector General of Education in Mysore

To
C S Balasundaram Iyer Esq B A,
Offg Secretary to the Government of H H the
Maharaja of Mysore General and Revenue Departments,
Bangalore

SIR,

With reference to your letter No 9984/Edn 340-07-1 dat the 4th instant I have the honour to submit herewith proposals for abolishing school fees in the Primary Classes of all Taluk Anglo-Vernacular and Vernacular Schools and in the IV and V classes of Village Elementary Schools as well as for making the teaching of English compulsory in all Anglo-Vernacular schools from the III class [illegible]wards Statement A shows that the loss of fee income that would be caused by the abolition of school fees in the IV and V classes of all Village Elementary Schools will be Rs 247 a month or Rs 2964 a year similarly the loss of fee income by making vernacular education free in all State aund Anglo-Vernacular schools fromthe II class downwards and in all State aund Vernacular schools from the III class downwards will be respectively Rs 328 and 524 a month or Rs 7860 and Rs 6288 a year in accordance with statements B and C The III Primary class of Anglo-Vernacular Schools is left out of account in calculating the loss of fees since it is proposed to make English compulsory in Anglo-Vernacular Schools from that class upwards The total loss of fees will thus be Rs 2964 a year in Village aund

Fund Schools and Rs 13,944 a year in State Fund Schools, making a grand total of Rs 16908 a year.

2. The gain in fees that would be effected by making the learning of English compulsory in all Anglo-Vernacular Schools from the III class upwards will be Rs 539 a month or Rs 6468 a year for State Fund Anglo-Vernacular Schools and Rs 58 a month or Rs 696 a year for Village School Fund Anglo-Vernacular Schools as shown in Statements D and E The total gain in fees in all Anglo-Vernacular Schools maintained from both the kinds of funds will be Rs.7164 a year. The net loss to Government by sanctioning the above proposals will be Rs 16908 minus Rs 7164 or Rs 9744 a year

3. If fees are abolished in the Primary classes of all Anglo-Vernacular and Vernacular Taluk Schools and in all the classes of Village Elementary Schools maintained by Government, it will be necessary to abolish them also in the corresponding classes of Aided Schools. To make good the loss of fees to managers of Aided Schools it will be necessary to increase the monthly grants of the aided institutions There are three principal kinds of Aided Schools Viz - Anglo-Vernacular, Vernacular Middle and Vernacular Primary Schools From the figures of attendance for 1906-07 I have calculated that the total amount of additional cost to Government on account of increased grants to the three kinds of Aided Schools will be Rs.4620 a year as shown in statements B C, & B This sum together with the net loss to Government on account of the abolition of fees in Government Institutions will involve an additional expenditure of Rs 14364 or in round numbers Rs 14400 a year

4 The Aided Village Indigenous Schools may be left as they are at present They have no other sources of income than fees and the Government grant Consequently if fees are abolished in these schools the whole cost of maintaining them will devolve upon Government and the schools will become to all intents and purposes Government schools For these reasons they may be allowed to levy fees

fees as at present in kind or money, the largest and most important of them being gradually converted into Government Schools as funds become available

6 In accordance with statement A submitted with my letter No 2052/143 dated 6th September 1907 the annual loss of fee income caused by the abolition of school fees in the Primary classes of all Village Fund Schools including the Anglo-Vernacular Schools maintained from that fund was estimated to be Rs 5700 Government were pleased to sanction the abolition of fees only in the Primary class of the Hubli and Talul Branch Schools so called Village Elementary Schools The abolition of fees in the Primary classes of Village School Fund Anglo-Vernacular Schools which was not then sanctioned has now to be sanctioned

6 Under these circumstances I beg to propose that Government may be pleased to sanction the abolition of fees in (1) the IV & V Vernacular classes of all Village Elementary Schools (2) the II I a Infant classes of all Anglo-Vernacular Schools including those maintained from the Village School Fund and (3) the III, II, I and Infa classes of all Taluk Vernacular Schools I also recommend the introduction of compulsory English education into all Anglo-Vernacular schools maintained from the State and Village School Funds from the III class upwards Since the Village School Fund is not in a position to bear the loss of fee income amounting to Rs 2964 a year as shown in statement A I recommend that an equivalent amount from State Revenues may be sanctioned as a grant to the Village School Fund

7 I further beg to propose that the additional grant of Rs 4620 a year which will be required to be paid to Aided Schools a compensation for the loss of fee income as stated in para 3 of this letter may also be sanctioned from the State Funds The effect of the above measure will be to make Primary Vernacular education in toto, and both Primary and Middle School Vernacular Education in

in rural tracts free

NOTIFICATION

No 1054 dated 29-7-08
Edn340-07-5

The Government of His Highness the Maharaja of Mysore have already declared that their policy is to make elementary education in the Vernacular free in all classes of schools throughout the State, but as the scheme had not been worked out fully during the last year, only partial effect was given to their policy in Notification No 3133/Edn(231-06) dated the 4th October 1907 by abolishing fees in the Primary classes of Village Elementary Schools

Translated
30/7/08

The Government are now pleased to direct that the benefits of free instruction shall, with effect from the 1st August 1908, be extended to the remaining classes of schools in which elementary instruction is imparted These are the following

(1) Classes IV and V of Government Village Elementary Schools,

(2) ~~Classes~~ Infant, I, II and III classes of all Government Taluk Vernacular Schools,

and (3) ~~Classes~~ Infant, I and II classes of all Government Anglo-Vernacular Schools.

that their policy is to make Elementary Education free in all classes of Schools throughout the State

to the remaining Classes of Schools in which Elementary instruction is imparted these are the following

(3) Classes Infant, I and II of all Government Anglo Vernacular Schools maintained from the State and Village School Funds

2. The Inspector General's proposal to make the study of English compulsory from class III upwards in all Government Anglo Vernacular Schools maintained from the State and Village School Funds is approved

3. The financial effect of the foregoing changes is estimated as shown below -

State Funds	Amount.	
1 Loss of income from abolishing fees in Government Anglo Vernacular Schools from class II downwards--Rs 7656/-		
2. -Do- -do- -do- -do-in Taluk Vernacular Schools from class III downwards---------- -----Rs 6288/-

Loss of income from abolishing fees in the IV and V classes of Village Elementary Schools -	Rs.2964
Receipts from fees for English instruction from class III upwards of Anglo Vernacular schools	Rs. 696
Net loss----------	Rs.2268/- per annu

5.

4. With regard to the Inspector General's remarks regarding the loss of fee income in aided Schools Government observe that ~~there~~ this is not a matter which need be taken into account in this connection since even if such schools should consider it necessary to abolish fees merely because fees are abolished in Government Schools, there is no good reason why aided Schools should - claim any compensation from Government on account of a possible loss of income resulting therefrom

5. The net estimated loss of income to the State Funds Viz Rs 7476/- per annum has been taken into consideration in connection with the State Fund Budget for the current year and the necessary reduction has been made on the receipt side The net loss to the Village School Fund is estimated at Rs 2268/- per annum As the Village School Fund cannot bear this reduction of income an annual grant will be made to that fund from the General Revenues to cover the actual loss of fees.

6 The effect of the above measures and of those already taken is to make Vernacular Education free in Primary classes (I) in towns and in the Primary and Middle School classes in rural tracts

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 1623/105 Bangalore, 21 August 1908

Con 340-07
SL-7

From

H J BHABHA, ESQ, MA,
Inspector General of Education in Mysore

K S Chandrasekhara Iyer Esq., B.A., B.L.,
Secretary to the Government of His Highness the
Maharaja of Mysore, General and Revenue Departments,
Bangalore.

SIR,

With reference to Government Notification No.1054, Ed.340-07-5 dated the 29th July 1908, directing the abolition of fees in certain classes of the Government Anglo-Vernacular and Vernacular Schools and published at page 47 Part I of the Mysore Gazette of the 30th July 1908, I have the honour to state that by the above Notification, the abolition of fees is ordered with effect from the Ist of the current month. But immediately on receipt of the Government Order No.1087-97 / Ed.340-07-6 dated the 30th July 1908 in which the date from which the abolition of fees should take effect is not specified, I took it for granted that I was permitted to fix the date from which the notification could conveniently take effect and issued a departmental notification, directing the masters to levy no fees from Ist September next, and informed the Headmasters of Anglo-Vernacular Schools that the study of English would be made compulsory from Class III upwards in all Anglo-Vernacular Schools from the same date. I preferred Ist September to Ist

Ist August as the latter date was too near the date of Govt ment Order and there was not sufficient time to notify the order to all the schools in the State, a large number of whi are in remote villages The fees are levied in advance for each month and the last day for their payment is usually the 15th. The greater part of the fees is collected and in most cases paid into the Treasury before that date If therefore the order is given effect to from the Ist instart, it will be necessary to refund the fees, paid by the boys before the masters received notice of the abolition of fees. As by the same order the study of English is made compulsory from Class III upwards of all Government Anglo-Vernacular Schools, and boys who now pay a monthly fee of 3 annas will have to p 8 annas a month, parents will have sufficient notice of the charge, if it is introduced from the Ist of next month, and I: specting Officers will have time to make a redistribution of the work of the teachers rendered necessary by making the study of English compulsory as above. Under these circumstan I hope Government will be pleased to approve of the action taken by me. If however on the authority of the Government Notification published in the Gazette, some school masters have not levied fees for August, this levy will not be enforced.

I have the honour to be,

Sir,

Your most obedient servant.
